

# NeuraLabel Callisto

**The NeuraLabel Callisto is in a class of its own, giving you an affordable option for fast turnaround of on-demand, short- and mid-run labels.**

The NeuraLabel Callisto is built on advanced HP PageWide™ technology similar to that found in high-end digital presses. Printing on a variety of substrates at speeds up to 100 feet per minute, the Callisto produces labels that will stand out in the crowd and hold up, even under extreme conditions.

## Engineered Quality and Performance

- Print labels in any width from 1 to 12 inches (25 - 305mm) on roll-fed or fan-fold media.
- Water-resistant pigment inks ensure that your labels will meet BS5609 standards for adhesion, resistance to abrasion, saltwater immersion, and UV exposure.
- Print speeds up to 18 inches (457mm) per second.
- Commercial grade robustness and durability with machine precision aluminum frame for accuracy and product longevity.

## The Sensible Label Printing Solution

- Desktop footprint with straight-through media path.
- Variable-width media handling for labeling everything from small bottles and cartons to large containers.
- High-capacity ink cartridges for increased production turnaround.
- Low cost of ownership and easy, trouble-free operation.
- High speed production printing

## NeuraLabel Callisto Benefits

- Provides fast turnaround from design to print.
- Eliminates preprinted label inventories.
- Integrates with your label-creating software.
- Offers easy media loading and operation.
- Onboard storage for instant prints at any time.

## Specifications

Print Technology	Stationary Thermal Inkjet
Print Speed	Up to 18 ips (inches per second) - 457mm per second
Print Resolution	Up to 2400 dpi
Ink	Pigment Inks
Cartridge Yields	CMY – 16,000, K – 35,000 standard pages
Print Width	1" – 12" (25 - 305mm)
Media Sensors	Gap and Mark
Print Engine	38 lbs, 20.3"W x 16"H x 15"D
