

## IPM002

A 100 micron matt white one side coated paper suitable for water based ink jet printing.

### Facestock/Coating

A matt coated paper suitable for photorealistic printing. End uses include domestic and retail tags where the visual quality of the product may be enhanced by the use of a matt coated tag.

Substance	90 g/m <sup>2</sup>	TAPPI 410
Caliper	100 μm	TAPPI 411

### Printing

This grade is used mainly for commercial inkjet printing; it is universally printable with dye and pigment inks. We recommend checking the suitability of this product on your individual printer before use as print results will vary depending on print engine and ink formulation.

Due to the nature of this print technology, applications that require a high level of water resistance may need to be over varnished or over laminated to protect the printed image.

### Warranty

The above technical information, statements and recommendations are based upon tests believed to be reliable but do not constitute a guarantee or warranty. All Tasco products are warranted to be free of defects in material or workmanship for a period of one year from date of shipment. In no way will Tasco be responsible for claims beyond the replacement value of the defective product or in any way liable or responsible for consequential or incidental damage.

No express warranties and no implied warranties, whether of merchantability or fitness for any particular use, or otherwise, except as set forth above (which is made expressly in lieu of all other warranties) shall apply to products sold by Tasco. Tasco specifically disclaims and excludes all other such warranties. No waiver, alteration, addition or modification of the foregoing conditions shall be valid unless made in writing and signed by a director of Tasco.
